

# **Application for iOS Student Developer Program**

## **Second Cohort 2026-27**

### **Eligibility and Selection process:**

- Only the students of B.Tech CSE 2nd year (Fourth Semester) are eligible to apply.
- This is a one year (two semester) program offered in the third year of the B.Tech CSE program to select students.
- The Application for registration will be through this form.
- Details should be filled carefully, as eligibility and shortlisting for next stage will be based on your response.
- Subsequent to filling this form there are two more stages in the selection process: Online Programming Test from Infosys and a week-long Bootcamp facilitated by Apple and Infosys; schedule for which would be communicated later via email to the shortlisted students.
- Based on the performance in the Infosys Test and the Bootcamp the top 100 students will be selected for the program.

### **Brief about the Program:**

- This special/exclusive 48\* credit program shall be offered across V and VI Semesters, and will be an integral part of the curriculum and total credit system of the CSE program.
  - This intensive project based program with clearly defined milestones and outcomes, will be offered at the iOS Development Centre of GEU, powered by Apple and Infosys.
  - This program includes a 4 week internship at Infosys after the V Semester, for eligible students based on their performance (Students will be required to arrange for a MacBook for the internship, and bear their travel and food expenses).
  - The program doesn't make any promise of a placement, however it substantially raises the prospect of higher quality placements, entrepreneurship and career advancement by building a comprehensive personality and skill profile of the students who take up this program.
